Bugs

Summary: Could not see the same status of the light as I left it

Description:

After turning on the light and refreshing the page light status was changed from yellow (as I left) to grey.

Steps:

1. Go to http://qacamp.online/?page_id=2

2. Click **[Turn on the light]**
3. Refresh the page

Expected result: light is still turned on and it is yellow.

Actual result: light is grey.

Environment: Google Chrome Version 114.0.5735.199 (Official Build) (64-bit)
